

The 3rd Metering, Billing, AMR & Data Management Conference in China

Dual Interpretation Service in English and Chinese

Conference Program Outline		
Tuesday 26 May	Wednesday 27 May	Thursday 28 May
Morning Session Pre-event Chapter	Morning Session Adaptation Chapters	Morning Session Tendency Chapters
08:30 - 10:30 A worldwide hot topic discussion: The Evolution from AMR/AMI to Smart Metering, Smart Grid and Smart Utility	08:30 - 10:10 Session Three PLC & Wireless Meter Reading Chips and Networking Technology	08:30 - 10:00 Session Seven US, Europe & Australia AMR/AMI Development & Direction
10:45 - 12:30 Opening Ceremony and Keynote Session	10:10 - 11:00 Coffee Break and Interact with Exhibitors	10:00 - 10:30 Coffee Break
12:30 - 13:30 VIP guests and delegates visit Exhibition Hall	11:00 - 12:30 Session Four AMR System Core Technology Innovation and Application	10:30 - 12:30 Session Eight Global Industry Trends: Integration of Resources Smart Grid & Energy Management
12:30 - 13:30 Delegate lunch	12:30 - 13:30 Delegate lunch	12:30 - 15:00 Buffet Reception (Plenary)
Afternoon Session Innovation Chapters	Afternoon Session Adaptation Chapters	Closing Session
13:30 - 15:00 Session One Update of Electricity Metering Industry and Development Trends	13:30 - 15:00 Session Five AMR System Construction and Key Success Factors	13:00 - 15:30 Interact with exhibitors in Exhibit Hall
15:00 - 16:00 Tea Break & Interact with Exhibitors	15:00 - 16:00 Tea Break & Interact with Exhibitors	14:00 - 17:30 Field Visits 1. Field visit to Shunyi – a typical wireless AMR project 2. Field visit to Fengtai – a broadband PLC AMR project (Pre-registration is requested. The upper limit is 30 participants for each field visit)
16:00 - 17:40 Session Two Innovative Technologies and Applications	16:00 - 17:30 Session Six Data Management, System Security, Information Management and Applications	
Co-located activities		
May 27-28	METERINGChina International Sourcing Fair (to pre-registered buyers and suppliers only)	
May 28 (14:00 - 17:30)	Field Visit to AMR Project Sites in Beijing (Pre-registration is needed)	

The Organizer reserves the right to alter, adjust and change the program and time without prior notice.

The 3rd Metering, Billing, AMR & Data Management Conference

Conference Agenda

Day 1 Tuesday 26 May 2009 Morning

Morning Session	Pre-event Chapter	
08:30 - 10:30	A worldwide hot topic discussion: The Evolution from AMR/AMI to Smart Metering, Smart Grid and Smart Utility	
	Howard SCOTT, Ph. D, Managing Director, Cognyst Advisors, LLC Dr. Howard Scott specializes in utility operations and telecommunication technology. His technical and business experiences include automatic meter reading, telecommunications, project and business management, market research, and software development. He worked a dozen years at Bell Labs and Bellcore developing innovative telecommunications technologies. As an accomplished public speaker, he has published numerous articles including an extensive market study of the automatic meter reading industry entitled The Scott Report on AMR Deployments. He has a doctorate in physics and has held a variety of leadership positions in both business and civic organizations.	
10:30 - 10:45	Tea Break	
Morning Session	Opening Ceremony & Keynote Speeches (Plenary)	
10:45 -	Chairman James LAU, Managing director, GSL Consulting China	
10:45 - 10:50	Welcome address by the Organizer James LAU, Managing director, GSL Consulting China	
10:50 - 11:00	Welcome Address by Gold Sponsor LI Han, CEO, Guangzhou Jiebao Electronic Technologies Co., Ltd	
Keynote Session		
11:00 - 11:15	Keynote Speech Metrology Guidelines Requested to Promote Resource-efficient & Environment-friendly Development in China Mr. LIU Xinmin, Deputy Director General Metrology Dept, General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China (AQSIQ)	
11:15 - 11:30	Keynote Speech Latest Orientation of China Electric Power Development & Market Construction SUN Yaowei, Deputy Director General of Policy & Regulation Department, the State Electricity Regulatory Commission of China (SERC)	
11:30 - 11:50	Keynote Speech Management & Implementation of China National Standard "Multi-functional Electric Meter Communication Protocol" ZONG Jianhua, Director General Power Measurement Institute, EPRI, State Power Grid Corp of China	
11:50 - 12:10	Keynote Speech See Tomorrow of China Power Networks, from Economic Viewpoints Professor WU Jiandong, Chief Economist, Science Times, Chinese Academy of Sciences	
12:10 - 13:30	VIP Guests and Conference Delegates Visit Exhibit Hall	
12:30 - 13:30	Conference Delegate Lunch	Delegate Lunch Sponsored by 

Day 1 Tuesday 26 May 2009 Afternoon

Afternoon session	Session One: Electricity Metering Industry Update & Development Trends
13:30 -	Chairman Kejian Yuan, General Manager, Itron/Actaris China
13:30 – 14:00	An Overview of US and Europe AMI Situation and Direction Leon Sijbers, Business Development Manager, Itron/Actaris International.
14:00 - 14:30	Google PowerMeter - Bringing Energy Information to Customers Ed Lu, Program Manager and Team Leader of Engineers Working, Google US
14:30 - 15:00	Batteries for Smart Metering Nicolas Paquin, Product Manager, Saft Lithium Battery Division
15:00 - 16:00	Coffee Break & Interact with Exhibitors
Afternoon session	Session Two: Innovative Technologies & Applications
16:00 -	Chairman Dr. LE Weimin, General Manager, Shanghai Wanjia Precision Components Co., LTD
16:00 – 16:30	Electronic Meter Reliability Technology Experience – Our Insights LUO Wei, Project Manager, Power Measurement Institute of EPRI, North China Power Grid
16:30 - 17:00	The Development Trend of The Electrical Meter Used Latching Relays Dr. LE Weimin, General Manager, Shanghai Wanjia Precision Components Co., LTD
17:00 – 17:20	MCU-based Total Solution for Smart Grid Jerry Wu, MCU Marketing manager, NEC Electronics China
17:20 - 17:40	Analysis of Lithium Battery's Security and Eve's Solution Zhu Yuan, R&D Manager, EVE Energy Co., Ltd.

Day 2 Wednesday 27 May 2009 Morning	
Morning Session	Session Three: PLC & Wireless Meter Reading Chips and Networking Technology
08:30 -	Chairman Angela Lin, Editor in Chief, Metering International China Edition, GSL Consulting China
08:30 - 08:50	An Overview of The Latest OFDM PLC Technology to Achieve Cost-effective Solutions of AMI /Smart Grid Michael Navid, General Manager of PLC Business, Maxim Integrated Products, Inc.
08:50 - 09:10	PLC in AMR/AMI: Technology Drivers for Next-Generation Deployment Didier Boivin, Marketing Vice President, Wateco Inc.
09:10 - 09:30	RobuNet Wireless Mesh Network Based AMI – Solutions and Deployments Henry LI, General Manager, Robulink Technology, Shenzhen, China
09:30 - 09:50	Real-Time AMM (Advanced Meter Management) and Smart Grid PL Communication Breakthrough Reach High Volumes Jorge Blasco, President and CEO, DS2 Spain
09:50 - 10:20	Interactive Q & A
10:20 - 11:00	Coffee Break & Interact with Exhibitors
Morning Session	Session Four: AMR System Core Technology Innovation
11:00 -	Chairman ZHAO Bingzhen, Director, Power Line Communication R & D Center State Grid Information & Telecommunication Co. , Ltd.
11:00 - 11:30	Broadband Power Line Communication Technology & Its Application in Automatic Meter Reading Systems ZHAO Bingzhen, Director, Power Line Communication R & D Center, State Grid Information & Telecommunication Co. , Ltd.
11:30 - 12:00	Powerline Pre-analysis Used in Low-voltage Meter Reading System REN YuYing, R & D Manager, Guangzhou Jiebao Electronic Technologies Co., Ltd
12:00 - 12:30	Case Study – a Successful Wireless Meter Reading Application XUE Shijun, General Manager, Beijing Reaching Technology Com Ltd.
12:30 – 13:30	Conference Delegate Lunch
	Delegate Lunch Sponsored by 
Day 2 Wednesday 27 May 2009 Afternoon	
Afternoon Session	Session Five: AMR System Construction & Key Success Factors
13:30-	Chairman MA Wenda, Country Manager, China, EDMI Limited.
13:30 - 14:00	A PLC-based AMM – The Key Success Factor for Macau Electric Utility Lopes Morgado, Senior Project Manager Companhia de Electricidade de Macau (CEM), Macau SAR
14:00 - 14:30	CSM Customer On-site Management System – Operation and Application in Chongqing Power Company TAN Gang, Deputy Director of Customer Service Center, Chongqing Power Company
14:30 - 15:00	BPL-based AMR Application Experiences in Guangxi Power TANG Guoliang, Metering Division Manager, Power Marketing Department of Guangxi Provincial Power Grid Company
15:00 – 16:00	Coffee Break & Interact with Exhibitors
Afternoon Session	Session Six: Data Management, System Security, Information Technology Management and Application
16:00 -	Chairman FAN Tao, Deputy Director, China EPRI Information Technology Institute, State Power Grid
16:00 - 16:30	Success Story About Meter Data Management System Deployment in CLP Power Ricky K W Ip, Project Leader of Meter Data Management System, CLP Power, Hong Kong
16:30 - 17:00	Data Acquisition System Integrated with Current Information System of Power Marketing WU Zhanjiang, China EPRI Information Technology Institute, State Power Grid
17:00 - 17:30	Data Management for China's Smart Grid Ann Moore, Business Development Executive, OSIsoft Inc.

Day 3 Thursday, 28 May 2009 Morning Session

Morning Session		Session Seven: US, Europe, & Australia AMR/AMI Development & Tendency	
08:30 -	Chairman Dr. Howard SCOTT, Managing Director, Cognyst Advisors		
08:30 - 09:00	The Role of Smart Metering in the U.S. and Europe in Recovering from the Economic Crisis Dr. Howard SCOTT, Managing Director, Cognyst Advisors		
09:00 - 09:30	Successful Building Blocks For An Effective AMI Implementation Martin Hauske, Leader, Energy & Utility, IBM Asia & Pacific		
09:30 - 10:00	Costs and Benefits of Smart Metering in Australia: Results of Government's National Analysis. Paul Sell, Director, Energy Market Consulting Associates		
10:00 - 10:30	Coffee Break & Interact with Exhibitors		
Morning Session		Session Eight: Global Industry Tendency: Resource Integration, Smart Grid & Energy Management	
10:30 -	Chairman Dr. Robert F. Heile, Chairman, Zigbee Alliance		
10:30 - 11:00	Close-up: Rapid ZigBee Adoption by Utilities Dr. Robert F. Heile, Chairman, Zigbee Alliance		
11:00 - 11:30	AMR Towards the Smart Grid Jens Horup, Chairman, Amplex Denmark		
11:30 - 12:00	Outlook of China AMR/AMI System Construction and Integration of Domestic & International Resources Industry Expert: Mr. Shushan, inventor of Static networking Top-relay		
12:00 - 12:30	British Columbia's Smart Metering Initiative and BCIT's Campus Based Smart Microgrid Dr. Hassan Farhangi, Ph.D. and Director of GAIT of British Columbia Institute of Technology		
12:30 -	Conference Closing Session (Plenary Session)		
12:30 - 13:30	Conference Delegate Buffet Reception On Exhibit Floor	Delegate Lunch Sponsored by	
			
12:30 - 15:30	13:00 - 15:30 Interact with exhibitors in Exhibit Hall		
Contact details of Conference Management	Angela LIN Head of Conference Management, Editor in Chief, Metering International China Phone: 0086 10 6800 1719 Mobile: 0086 13801338724 Email: angela.lin@gsl-consulting.com		
	Wendong LI, Conference manager, METERINGChina 2009 Phone: 0086 10 6800 1603 Email: event@meteringchina.com
